

NOVA FOAM PAD UNIVERSAL (FPU) DOCK SEAL

COMPETITIVE PRODUCT COMPARISON

FEATURES AND BENEFITS

- Designed for door openings up to 10 x 9-feet
- High-density polyurethane compression foam head and L-shaped side pads
- Side pads have a 16-inch standard projection
- Standard head pad projection is 10-inches
- L-shaped side pads provide full-width trailer access
- Pressure-treated, kiln-dried wood frame
- Foam is chemically bonded to the frame
- Standard full-height yellow guide stripes
- Heavy-duty galvanized mounting hardware
- Pads are vented for air and moisture release
- Top-grade fabrics provide superior performance and maximum durability
- Velcro® attachments
- All sew lines are lock-stitched and reinforced with UV-resistant thread

BUILT TO LAST: All NOVA Dock Seal standard frames are made from pressure-treated and kiln-dried wood for greater moisture resistance and enhanced durability.

DOCK SEAL	PRESSURE-TREATED, KILN-DRIED WOOD FRAME
NOVA FPU	✓ YES
Competitor 1	x NO
Competitor 2	x NO
Competitor 3	x NO

FASTER, EASIER REPAIRS: Unlike competitors who fully wrap the wood backing, the FPU Dock Seal is stitched along the sides for cleaner removal of cover fabrics, easier recovers and less dock downtime.

GREATER TRAILER ACCESS AND A MORE RELIABLE SEAL: The unique L-pad feature of the FPU seals against the side of the truck, allowing unobstructed access to the trailer and less pressure on the building wall.

TESTED AND PROVEN TO PERFORM: NOVA's cover materials and fabrics have undergone rigorous testing and feature the highest puncture, tear and abrasion resistance in the industry.
